

APPEARANCE AND DESIGN JUDGING CATEGORIES

This document lists the award categories for Appearance and Design.

Instructions to judges: Place the car's number in the space indicated. Please keep in mind that the winners should not necessarily be the cars that were obviously cut with a scroll saw, turned on a lathe, sanded smooth, painted with a sprayer and coated with urethane. First and foremost, the winners should be cars that most clearly were cut and crafted by Cub Scouts. This is the first criteria.
